

Good afternoon,

This week we'll be doing an activity in Math class that involves a collection of ten things. I am also going to use it for a writing activity. I am asking the students to bring in a collection of ten smallish things that they like, from home for Wednesday September 27th. Some examples could be hair clips, cars, Lego people, LOL figurines, etc. Please send the collection in in a bag of some sort. Thank you.

Have a good rest of the week,

Ms. Reynolds
