

Good morning,

Please remember that the weather is all over the place at the moment. Sending your child to school with layers that he/she can remove as needed is helpful. Also, extra clothing for things like sliding into a puddle is helpful. Finally, if you could make sure that your child has a water bottle everyday it would also be helpful. Thank you.

**L.A.:**

- Home Reading everyday. Our Home Reading Goal this month is 12.
- Sign and return Spelling Test #23. There are corrections for your child to complete.
- Spelling Test #24 will be Monday April 29th. It is list #24 in the pink booklet, words #1, 2, 4, 5, 7, 8, 10, 12, 13, 14.

**Math:**

- As we progress through our Math concepts addition and subtraction fluency become more helpful. The easier these facts are for your child the faster he/she will be able to figure out other Math problems. Flash Cards or Reflex Math are good ways to help your child with his/her +/- fluency.
- We are learning about estimation. Have your child estimate different things around the house. I'll also start sending home an Estimation Jar home with a different student every evening or so. There is a letter that explains the activity to help you and your child understand the activity. We have been practicing in class.

**Français:**

- Lecture maison, veuillez écrire le nom du livre sur la feuille de lecture dans le duo-tang vert.
- Cahier des sons - le son "c (doux)" page 34.

**General Information:**

- Green Team is collecting empty, rinsed out, cans that have a consignment on them.
- The school is still collecting pop can tabs.

Have a good week,  
Ms. Reynolds
